## What Is Alpha World Entertainment?

Alpha World Entertainment Inc. is a non-profit entertainment company whose main objective is to better the communities of America through the use and blueprint of entertainment starting with the state of Maryland communities.

Our first project is called the “Leona Project”. This project was named after my mother who passed away June 16, 2007 after a long battle with cancer. Our goal with this project is to help cancer patients pay for unpaid treatment bills and other expenses while also promoting holistic alternatives and cancer awareness.

With all of our activities we incorporate working with the youth. We believe strongly that they are our future and this gives them a

creative way to give back to the community.

Our Motto is “ *Using Our Gifts and Talents To Change The World One Project At A Time*”

Our goal is to raise enough money each year to start offering our services first to Maryland residents, and eventually to the residents of the rest of America, and we can’t do it alone we need your help. Alpha World Entertainment Inc. doesn’t just belong to us it belongs to the World!
